***Don't Miss the "One and Only" Diabetic Comedienne
The LIVabetes®! Glucose Goddesssm***

With a wit that is as outrageous as her spirit is contagious, Laura's performances are rich in humor and practical wisdom. She offers comic relief to what is otherwise a very serious disease. As a Type I diabetic, Laura is more of a "Stand - with" vs. "Stand - up" comedienne. Her presentations are built upon her own personal and heartfelt transformational journey from diabetes to LIVabetes!®

Through the Divine medicine of laughter, she'll guide you on a soul-healing journey while encouraging you to take control of your diabetes, live courageously, and embrace life's challenges with a greater sense of humor, hope and optimism!

Laura Menninger, aka "The Glucose Goddesssm" is a practicing type I diabetic and wellness inspiring comedienne. She is founder of LIVabetes!®, an organization whose mission is to raise hope, raise awareness and raise one million smiles for LIVabetes® research.
